

VOL. XLIII.

PIOCHE, NEVADA, THURSDAY, AUGUST 23, 1894.

NO. 49.

TELEGRAPH NOTES.

CHICAGO, Aug. 20.—Inspector Conway has secured a chestful of peculiar machines to be used by Herlitz Scarff, Nelson and other conspirators in the destruction of property in this city; also a smaller chest containing anarchist literature and pictures, conspicuous among which is a copy of a painting in Oscar Neebe's saloon on the garden of the Haymarket anarchists by the Governor of Illinois.

BALTIMORE, Aug. 20.—Christopher Columbus Jones and Marshall McKee, who were in charge of the Commonwealth when the camp at Hyattsville was raided by Baltimore policemen, were today released from the House of correction where they had been admitted with the others for three months.

COLORADO CITY, Colo., Aug. 20.—The Tarney outrage cases ended in a farce in Justice McCoache's court this afternoon at 2:30 o'clock. District Attorney Coachman appeared before the court and asked that the cases against Robert Taylor, Hiram Rebeck, Jack Carroll, H. B. Allen, Jack Mullein, Sherm Crumley, Thomas Blair, T. D. Smith, Walter Sumner, Dr. Reed, Wm. Bancroft, Sam Shellenberger, Jay Quackenbush, Wm. Saxton and John Doe be dismissed. The District Attorney stated that he made this motion for the reason that the evidence in the cases had been received by the grand jury, who had failed to find true bills against any of the defendants. The court granted the motion. Not a person from Denver who had been interesting themselves in the prosecution was present. The people here are disgusted with the whole affair.

SAN FRANCISCO, Aug. 19.—The Italians are deserting California in large numbers. They find it difficult for them to obtain work here and many are returning to Italy. Others are going to the Southern States, particularly Florida and Alabama.

LONDON, Aug. 19.—A special dispatch to the times from Shanghai says it is rumored that instead of a large Chinese army, only a small force was routed at Yashan by the Japanese. The remainder of the army, it is said, has gone north to join the northern forces. Skirmishes are reported to have taken place at Ping Yang, province of Shantung, and a great battle is expected to be fought there shortly.

ST. PAUL, Aug. 19.—As a result of their connection with the recent great strike, a large number of railroad men in this city are making arrangements to leave this country, claiming they have been placed on the black list of all the roads, and can secure no places, no matter whether there are vacancies or not. About forty of these have made preliminary arrangements to go to the Cape of Good Hope and South Africa, and others are talking of going to Brazil. Hard times here, work elsewhere, and cheap transportation largely influenced them, although they claim the principal cause is that they are marked men and have no chance whatever of employment in this country.

ST. LOUIS, Mo., Aug. 19.—The St. Louis City Athletic Club received a telegram from Brady, Corbett's manager, saying Corbett accepts the offer of the club of a purse of \$25,000 to fight Jackson here. The offer was at once telegraphed to Jackson in New York, offering training expenses and all he asks. The management of the club expect no interference, and think that the fight will be pulled off here.

LONDON, Aug. 18.—A dispatch to the Pall Mall Gazette from Seoul says a remarkable fact was revealed upon the occasion of the engagement between the Chinese and Japanese troops at Yashan when the former were defeated. A number of Korean soldiers by special order of the King of Korea accompanied the Japanese troops. Some Koreans fled when the fighting began, but a majority fought with the greatest bravery. According to the Seoul dispatch this fact has high political significance, as showing that the King of Korea sides with Japan.

BALTIMORE, Aug. 18.—At a conference between Governor Brown, Attorney General Fox and counsel for the hundred imprisoned Coxeyites, it was agreed that the government pardon all hands except Christopher Columbus Jones and Marshall McKee, who will be held for the purpose of testing the right of the State to take the army from the encampment and imprisonment without bail.

WASHINGTON, Aug. 18.—The river and harbor bill, carrying \$11,479,180, became a law at midnight to night without President Cleveland's signature, the legal limit of ten days having expired in which he could sign it or veto. It is the third time during Mr. Cleveland's two terms that a river and harbor bill has become a law without his approval, the only other bill of this kind submitted to him having been vetoed.

SAN FRANCISCO, Aug. 18.—Charles L. Fair, surviving son of Ex-Senator Fair, began another effort in the Probate department of the Superior Court today to secure a million of his mother's estate, the amount being the aggregate legacies of his deceased brother James and himself. Mrs. Fair left \$500,000 to each of her sons, James to receive his at thirty-five and Charles when he was thirty years old. It was provided by her will that in case either son died before attaining the age named without wife or lawful children, his share should revert to his brother. James Fair died two years ago when he was thirty years old. Charles claimed his legacy then, but both Superior and Supreme Courts decided that Charles must wait for James's legacy until such time as the latter would have been thirty-five. Since that decision Charles has married, and he claims the ceremony altered the case, entitling him to immediate possession of both legacies. If he should die he claims his wife would receive one-half, and his sisters cannot get either legacy now, and there is no use in their fighting to keep the money out of his hands any longer.

OUR WASHINGTON LETTER.

Correspondence of THE RECORD.

WASHINGTON, August 16, 1894.

Mr. C. H. J. Taylor the colored citizen of Kansas who was by Mr. Cleveland made Recorder of deeds for the District of Columbia after the Senate had refused to confirm his nomination to a diplomatic position, is in bad odor with the Civil Service Commission because of his having violated the law in soliciting and receiving money for political purposes from employees of the government. The combined check and egotism of this fellow Taylor may be judged from the following explanation given by him: "Mr. Cleveland no doubt thinks there are plenty of white Democratic politicians out of office to take care of the politics of the party, without the office holders taking a hand, but with the negroes it is altogether different. There are so few men among them possessed of sufficient ability to lead that if all the recognized leaders are put into office and are told to shut up and keep out of politics, there would be absolutely no one left to direct affairs among the colored Democrats. It is necessary that the men who have the ability to lead should continue in politics." Perhaps a court sentence would reduce the size of Taylor's head.

Speaker Crisp hasn't always been a cuckoo but there is no discount on his cuckooism at this time. He even carried it to the extent of making a ruling that literally taken would mean that any member of the House would be out of order the moment he uttered a criticism of a member of the Cabinet. This ruling was made when Representative Bontelle, of Mo., was making a few remarks concerning the cowardly smothering in the House Foreign Committee of his resolution for the recognition of Hawaii and the sneaking manner in which the administration went about announcing its formal recognition of the new republic, after it had been unnecessarily delayed for several weeks.

Secretary Carlisle has issued an order that will certainly make trouble for him if it is strictly enforced. It prohibits the giving out of any information concerning matters pending before Congress without the express permission of the Secretary or one of the assistant Secretaries of the Treasury, and the prohibition extends to everybody including members of Congress and other government officials. To no other department is it necessary to go so often for information, and the first time some Congressman of prominence stops at the Treasury in a hurry to get some information, and runs up against that order, Secretary Carlisle may expect a storm in his immediate vicinity.

The fizzle of the Coxeyites was inglorious indeed. Last week the men left by Coxey to starve were all arrested by the Maryland authorities and sent to prison as vagrants, and Saturday several companies of Virginia militia drove the remnant of Frye's army out of Virginia and set fire to their camp. The men are being sent a part of the way to their homes, or where they came from last, by the District of Columbia authorities.

It is estimated that 120,000 persons have died from the plague in the Canton district of China.

China is strengthening river and coast defenses. Russia and France are watching Great Britain's movements in Korea jealously.

Special letters of administration have been issued in the District Court of Washoe county to W. E. Griffin, to the act in the estate of M. D. Foley deceased. Bonds were fixed and filed in the sum of \$10,000.

A journalist is a man who talks about being on a newspaper but is not. A newspaper man is one who is on a newspaper and makes no fuss about it. A farmer is a man who works the soil and an agriculturist is a man who works the farmer, while a promoter is a man who works everybody.—Brooklyn Eagle.

Henry Raymond, a mining man of prominence, inspected the mines of the district on Monday and Tuesday, departing Wednesday evening with J. A. Blossom for Battle Mountain. He says Kennedy is the most promising field of all the mining west, and that it will be the scene of much activity within two months. For abundance of surface ore he had never seen the like in his mining experience. He represents one of the strongest companies on the coast, with whom his work is never questioned, and when instructed to report to Kennedy, was on his way to Idaho to inspect properties there for the company. But, having formed such a flattering opinion of the camp in his two days' visit, although intending to remain a week, he hastened to the railroad to telegraph his associates to proceed immediately to Kennedy, where he will be with them in four days.—New Era.

Couldn't Understand.

An exchange says a farmer was arrested and fined the other morning for selling adulterated milk, adulterated with a harmless water. He wore at the time a suit of all wool (?) clothes badly adulterated with shoddy, and boots whose soles were adulterated with paper or wood shavings. For breakfast he drank adulterated coffee, his meat was spiced with adulterated pepper, his cakes puffed up with adulterated baking powder, his pickles soured with adulterated vinegar, his pie was seasoned with adulterated spice, his wife was out of sorts because she could not make good bread out of adulterated flour that had been sold to her for the "best," in fact he saw and felt the effect of adulteration whichever way he looked, and he had never heard of any of the adulterators being arrested or fined.

This Congress has already been in session 330 days.

A dollar only weighs an ounce— That is, a silver one; But when you try to raise it, goah, You think it weighs a ton. —Detroit Free Press.

Celebrated Lawyer—Now, tell me honestly did you rob that bank? Client (in disgust)—Of course I did. Do yer 'spose I'd be able to retain you if I didn't?—New York Times.

China has a capital way of dealing with officers who fail to win battles. They are usually beheaded. Sometimes, however, leniency is shown and the offending officer is only disgraced and is furnished with an opportunity of living to fight another day.

Teacher—Who was the hero of New Orleans? Thomas—Corbett. Teacher—No, No; Jackson. Thomas—Why, Jackson's afraid to fight in New Orleans, ma'am.—Judge.

The surplus in American banks is much larger than it was a year ago. In New York city it is \$70,000,000 more than it was then. But it is not a bit easier to borrow \$5 than it was in 1893. Lenders of money are so scared that they will not trust it on any of the securities that in ordinary times pass as good. Doubled and twisted security is now demanded.

Senator Vest does not intend to retire. Here is what he says on that subject in a recent letter: "About every six months regularly some newspaper publishes a statement that I am about to retire from public life. Of course all these things are manufactured for a purpose and are without the slightest foundation in fact. I have told nobody any such thing and pay no attention to any such statements. Whenever I make up my mind to quit public life, my friends will first know it and in such a way that there can be no mistake about my intentions."

Emotional Element in College Sport. The Boston Transcript makes bold to say that when we read that one "really manly" fellow in the Harvard crew the other day put his head down into his hands after his side had been beaten in the race at New London and booed like a child in the face of all the thousands of spectators we realize that there is a prodigious emotional element in these college sports.

The Pilgrim's Jewelry. If the new yacht Pilgrim, which was built to defend America's cup, fails to win, it will not be for lack of attention to the regular sea dog superstitions. A ring from Mr. Stewart, a moonstone scarpin from the captain and various odds and ends have been deposited at the heel of the mast for good luck.

A Cheap Lot of Old Stocks. At the auction sale, the other day, of the personal property of the late Governor Hale of New Hampshire, stocks having a par value of \$2,700,000 and promissory notes with a face value of \$57,000 were sold to the highest bidder for less than \$7.—New York Tribune.
